

Dear Warden Woodford,

July 16, 2003

We in the Re-Entry class would like to express our appreciation to you for allowing Ms. Gwen Jones, from "Yeshua's Second Chance Foundation", to come into the class and talk to us about things that we really needed to hear. This wonderful human being came into our class and truly expressed a Spiritual side of herself that we inmates don't get to experience inside prisons. She is empathetic towards our circumstances in life, and expresses a genuine concern for our future. Listening to her presentation was uplifting and positive, and it shows us that there really are people out there who truly care.

Ms. Gwen Jones came into the Re-Entry class on July 10, 2003. The presentation that she shared with us was in and of itself one of the best that one could ever hope to experience. We all hope that she is allowed to continue to come in because the very things that she talks about with us are the things that we all as inmates need to hear. It gives us "food for thought" and makes us sit up and listen, in a positive atmosphere like the Re-Entry class. There is just nobody else quite like her. We were all Blessed to experience this short time with such an incredible human being. Thank you!

Sincerely,  
The Students of Re-Entry
