Dear Gwen:

I would like to take this opportunity to thank you for all that you do for San Quentin, working in conjunction with our Education Department to provide an outstanding re-entry program for our paroling inmates.

As founder and president of Yeshua's Second Chance Foundation, you visit San Quentin on a bi-weekly basis to train, motivate, and encourage our inmates. Helping them prepare for their future by providing them jobs with your company upon parole not only assists these men, but their families and society as a whole.

Again, thank you for your tremendous efforts. We at San Quentin greatly appreciate all that you do.

Sincerely,
