Dear Mrs. Jones (Yeshua's Second Chance Foundation),

I am writing this letter because you have been a Godsend in my life. The very first day I was released from Prison I gave your foundation a call. You took me in and made me feel like I was the most important person in the world. I was immediately given numerous job leads and was given constant positive affirmations even at times when I didn't even believe in myself. I know I have my feet firmly on the ground now and I am ready to start running. There is no Parole office or any other agency that has gotten behind me like your foundation. I would hope that other people who are getting out soon will take advantage of this wonderful opportunity. If you really want to get your life together you don't have to do it alone. I recommend this foundation to each and every person on parole. I hope one day it is mandatory for everyone to go through your foundation it would keep a lot of people out of prison and out on the streets living productive lives. I can't thank you enough for all that you have done for me and if there is ever anything I can do for your foundation you can count on me. I would climb the highest mountain for your foundation and what it stands for. Once again thank you and God Bless.

Many Blessings,

MARCUS HAMILTON
